### CHIT-CHAT LOCALS.

Gathered by our Reporters.

First class book above at J. M. Camp- bell's.

Mr. T. N. Campbell left yesterday for Winnipeg.

Potatoes 35 cents per bushel at Mar- ley & Co's.

Mr. Shannon arrived back from Win- nipeg this week.

Those in want of ploughs should go to J. M. Campbell's.

Lieut. Governor Dewdney left for Re- gina this morning.

Thos. McVey's first mill is running day and night at present.

Rain has fallen plentifully during the week and the rivers rising.

Moore & Macdonald's saw mill com- menced cutting last Monday.

J. O. Davis & Co have just received a fresh supply of groceries, etc.

Freighters arrived last Wednesday with goods for J. M. Campbell.

Col. Sprout left for Winnipeg yester- day where he will meet his family.

J. L. Johnson & Co. have just received a large assortment of hardware, etc.

It is rumored that a tonorial artist and hair manipulator has located at the Forks of the Red.

The P. A. C. Band serenaded Lieut. Governor Dewdney and Supt. Crozier on Wednesday evening last.

Constable McDermott left for Battle- ford this morning. He will receive his discharge on his arrival there.

The York boat for O. E. Hughes & Co was launched on Tuesday. She sits well on the water and looks a tidy craft.

Look out you confirmed bachelors— this is leap year, and new arrivals of the fair sex are coming to break in on your accustomed quiet.

In the prize list of the Colonization games given in our last issue, Mr. S. Mc- Leod took second prize and Mr. McNeil third prize for putting the heavy stone, and not as was stated.

The silver model presented by the President of the St. Andrew's Society, Mr. John Stewart, and won by Mr. S. McLeod as first in putting light stone, is of a very elegant design.

Shannon & McLeod have just received a large stock of goods, ladies' and child- ren's boots and shoes, amongst which are some very fine lines, and all of first-class material. Give them a call.

Win. and Thos. Beas from the South Branch, who were confined at the Bar- racks awaiting their trial for assault, were released on Tuesday, but being found for their appearance at the court in Sep- tember.

On Saturday night last about 11 o'clock Walter Farewell, who was before the Justices on the 25th May on a charge of larceny and was remanded, made his escape from the Police Barracks. It ap- pears that the prisoner, who was watched over by a constable, desired a drink of water, and the guard took him to the kitchen for that purpose, when he es- caped through the window, which had inadvertently been left open. The alarm was at once given, when the detachment turned out in pursuit, but the night being cloudy no trace of him could be found. Although the police have been in active pursuit throughout the week, he is still at large. The carelessness of the guard in allowing the prisoner out of the mess room where he was confined, cannot be too much condemned, while the arrange- ments for confining prisoners is simply disgraceful, one small cell barely not to admit by a few boards, which could with ease be kicked to pieces, being all the accommodation. The authorities are certainly to blame for not having suitable quarters for the police, where at present twelve men and two prisoners are crum- pled up in a house without a lock on a door.

Supt. Crozier and men left for Battle- ford this morning.

The Band Committee hereby tender their best thanks to the ladies and gen- tlemen who so willingly and ably assisted them with the entertainment given on the evening of May 24th, and regret that it was overlooked until too late for last week's issue of this paper.

On Wednesday last Supt. Crozier in- spected the detachment and barracks of the N. W. M. P. stationed here. The men were paraded in full uniform and presented a smart and soldierlike ap- pearance; their arms and accoutrements having been examined they were put through a few marching manoeuvres, which were well executed, and showed their knowledge of drill. It is to be hoped Supt. Crozier will report the un- suitability of the present building, either for a prison or a barracks.

WINNIPEG, June 5.—The local House was prorogued last Tuesday afternoon.

The "better terms" offered to Manitoba by the Federal authorities were unanimously rejected by the local House without any discussion.

A bill was introduced and read a second time, providing for direct taxation.

A heavy rain and thunder storm occurred last night, and everyone is delighted.

A man, representing himself as an agent of Bannan's circus has been here, and victimized several people. He has absconded.

Several British capitalists have ar- rived here during the last few days.

Large numbers of immigrants are arriving daily.

LONDON, Eng. May 5.—Three simultaneous attempts were made last Monday to blow up houses with dynamite.

One explosion took place at the police headquarters in Scotland yard.

One side of the building was blown down, and several people were badly hurt. A policeman was fatally injured.

Another explosion occurred at the same time at the Junior Carlton Club. The club house was badly wrecked, and five girls who were in the building were severely injured.

They were taken to the hospital and are not expected to recover.

The third explosion occurred at the same time at Sir W. Warkins' house. The building was greatly damaged, and several people were injured.

Sixteen dynamite bombs with fuse attached were found under the Nelson monument on Trafalgar Square. The fuse had been lighted, but had gone out before reaching the bombs.

The people in London are greatly alarmed. Vigilance committees are being formed in England, and are threatening to clear England of all Irishmen and make reprisals.

O'Donovan Rossa is in great glee and says it is only the beginning and that the whole world will be started next.

All the European Governments have offered help to the British Gov- ernment to find the soundrels.

CINCINNATI, May 5.—The Republi- can convention is now in session, to nominate a President. One bal- lot was taken: Blaine, 329, Arthur, 320.

The successful candidate must have 414 votes. It is expected that some dark horse will be nomi- nated, probably Lincoln.

PORT ARTHUR, June 5.—The ex- citement at the Rabbit silver mine is still continuing. It is said to be the richest silver mine in the world.

TAVAN is of people are coming here, and the town is building up rapidly.

### OUR DISTRICT

It has been our endeavor in writing about this District, the interests of which we have done our best to forward by every legitimate means, to abstain from giving any exaggerated reports and over-colored pictures of the advantages it offers to settlers. We constantly notice the champions of particular sections of the country making statements which bear on the face of them what (not to express ourselves too strongly) is the impress of wide deviation from the straight line of truth. Now this sort of exaggeration with the attendant suppression of the truth concerning all drawbacks, of which every place must have some, seems to us highly objectionable for two reasons, viz., because it is dishonest, and because it almost invariably defeats its own object. We take it no emigrant in these days is foolish enough to expect or believe in the existence of an earthly paradise. Should there be such a man we do not want him to come here in the hope of finding that which is impossible of attainment, and then as a consequence of his inevitable disappointment run down the District wherever he can obtain a hearing. What every sensible man will do is to inform himself of what can be said for and against a place, and go to one the drawbacks to which are least objectionable to himself personally. We are glad to observe that in spite of the dismal forebodings of the result of the notorious manifesto, there is this year a large increase in the number of emigrants from Europe to the North West, as well as a marked improvement in the quality, and to such men as these seem to be, we can without fear recommend this District, as being far ahead of many, and second to none in the Territories. The opinion firmly obtains among those who have been all over the Territories that the nature of the land here is such that a rush will be made to take it up, just as soon as a railway approaches, and we would recommend intending settlers to look out in time. We do not feel concerned to say much in favor of our lands for farming purposes, simply because we have never heard of any one being rash enough to question this. What is of quite as great importance to farmers as rich soil and good climate, is the question of market and railway communication generally. That before very long Prince Albert will be an important railway centre, between the Pacific and Atlantic coasts, we have already pointed out, and we are glad to see that the latest information from trustworthy sources, tends to assure us of having two rail roads here, at a much earlier date than we could have reasonably hoped for. That the Government has decided upon the immediate erection of costly public buildings here, is a very hopeful sign of their intentions with regard to this place in the future, and their views of its future consequence. Now taking these unvarnished facts into consideration, we can only say that if any settler with a little capital and not afraid to rough it and work

hard for a year or two, cannot find what he wants in our neighborhood he had better decide to stay at home and make the best of his worldly position, deferring his hopes of coming upon what he would like to get, until removed to another sphere of usefulness beyond our terrestrial limits.

## COMMUNICATIONS.

We do not hold ourselves responsible for the views expressed by correspondents.

### CORRECTION.

To the Editor of The Times.

Sir,—In your last issue a correspondent signing himself "Farmer" in giving you an account of a meeting of English and French half-breeds, reports me as calling the English half-breeds a "set of fools." That is the impression he wishes to make. The people who were at that meeting knew this to be false. I am quite willing to be judged by them, and would not take any further notice of it, only as it has appeared in your columns, I wish to contradict it through the same medium. The meeting was a very harmonious one. "Objection" was not made by the English half-breeds, except one individual constitutes that class. One and only was wandering on to subjects which had been discussed at other meetings, and foreign to the object of the present one. I, as chairman, felt it my duty to call them to the object for which we were met, and this was the solitary objection to any of the motions the delegates made. A man attacking another in public print, under an assumed name, has always appeared to me like a coward taking a shot at a man from behind a hedge, whom he was afraid to face openly. I must take this opportunity, Mr. Editor, of saying that my actions are all open and above board. I am striving to do what I consider to be right, and stand up for my rights. This feeling is general. That the hard working settlers of this country have many grievances, is but too true, "and pity 'tis, 'tis true." And the man who will not take all lawful means to remedy these ills, is fit only for a slave, and deserves not the privileges of a free born British subject. Such is the opinion of

ANDREW SPENCE.

Red Deer Hill, June 2, 1884.

### SOUTH BRANCH.

From an occasional correspondent.

The farmers have nearly finished seed ing.

Mr. G. Taylor, sr., has been chosen by the settlers of this vicinity to superintend the building of a road, which is to be placed near the proposed crossing of the S. S. V. Railway. The settlers give free labor to build it. This is a move in the right direction, and every one who can spare a little should throw in his mite towards it when Mr. Taylor goes round with the subscription list. This route will greatly shorten the distance between Prince Albert and Troy and Carrot River and open up the best part of the farming country south of the South Branch. Notice will be given in THE TIMES as soon as it is completed.

Mr. Fe or Turner and family will be leaving here for Fort A la Cune in a day or two to take charge of the H. C. Co's post at that point, during the absence of Mr. G. Goodfellow, who goes east for a couple of months. Mr. McNabb, C.E., will take charge at the post here.

During the last few days the river has steadily risen, and now lies five feet higher than its lowest stage this season. The river is still rising.

South Branch, June 4th, 1884.

## PUBLIC NOTICE:

All persons are hereby required to take notice that the cutting of timber on the public lands without authority from the Minister of the Interior or the Local agent of Dominion Lands for the District is prohibited by law, and all timber cut without authority is liable to seizure and to be dealt with as the Minister of the Interior may direct.

Each settler on a homestead quarter section not having timber on it, may, on application to the Local Agent of Dominion Lands, purchase a wood lot not exceeding twenty acres in extent, at \$2 per acre.

Any person other than a homestead settler desiring permission to cut timber must make application therefor to the Minister of the Interior, who will deal with such application according to law.

Persons who have already cut timber without authority must pay the dues thereon to the Town Timber Agent as his office on or before the 1st May, 1884, otherwise the said timber will be confiscated under the Dominion Lands Act.

# PUBLIC MEETINGS.

A meeting which had been called by posters, was held on Wednesday evening the 4th inst., in the mission school room to consider the action of the Lieutenant Governor in refusing Prince Albert incorporation. Mr. John Stewart was called on to preside. Mr. Maclellan was called on as secretary and Mr. A. McNabb as scrutineer. The chairman opened the meeting by stating the purpose for which it was called and reading a letter received from Mr. Forget, secretary of the N. W. Council, who stated that Mr. Maclellan had undertaken to explain to the people the grounds on which incorporation had been refused. Mr. Maclellan, in reply, stated that he had not been requested to bring the matter before the people, and should he have been asked to do so would have declined. The people were dealing with the Government, and he thought it was the duty of the clerk to attend to it. Had it been a private bill of any of his constituents, he would have attended to it with pleasure. Mr. Maclellan believed that incorporation would be a good thing for the place if it was managed correctly and not involve the town in debt before we had an opportunity of using it to our advantage. He also promised to use his influence to have the cause so amended that we could secure incorporation as early a date as possible, and in answer to a question, stated that he had signed the petition against incorporation in his private interests, as he thought the town should be divided into wards, in order to give equal representation. Mr. Maclellan was followed by Messrs. Macarthur, Maclellan, McKenrie, W. Stewart, the chairman and others, in which they expressed themselves as satisfied with that gentleman's explanation. After some further discussion, a committee consisting of Messrs. Macarthur, W. Stewart and G. Nelson was appointed to wait on his Honor the Lieutenant Governor and make enquiries as to the reason why the prayer of the petition had not been granted, and what amendments were necessary to carry out the same. J. Maclellan moved, seconded by Capt. Moore, that the town be divided into wards, such motion being a test one, to enable the meeting to consider if a compromise could be made between the discordant parties, which after considerable discussion was lost by a majority of two-thirds of those present. The meeting was then adjourned to Thursday evening, when a report of the committee would be made, a vote of thanks being awarded to the chairman, secretary and scrutineer.

## THE ADJOURNED MEETING.

The adjourned meeting was held on Thursday evening in the same place. Mr. John Stewart being called to the chair, and after stating the object of the meeting, called upon the committee for their report. Mr. W. Stewart said they had interviewed the Lieut. Governor, who received them with courtesy, and explained they had waited on him twice definite information regarding the refusal to incorporate the town. His Honor said he had acted on the advice of his legal adviser in refusing the prayer of the petition, as the act required the whole of the proposed town to be subdivided into town lots, for the purpose of sale, and as a portion of Prince Albert had not been put into lots it could not be incorporated. Calgary having been refused on the same grounds. His Honor further stated his willingness to bring the matter before the Council at its next meeting in July, and do all in his power to have the municipal ordinance amended, to enable Prince Albert and other towns to be incorporated. As great discussion had ensued in Council on this point opposition might be expected. The deputation impressed upon the Lieut. Governor the anxiety of the people, the prosperity of the town, and the good governing of schools, made incorporation desirable, and that they would stand by the petition as already forwarded. Mr. Maclellan, as he had already mentioned at the meeting on Wednesday, would do his utmost in removing any obstacles in the way of preventing the inhabitants from having what they so greatly desired, and would be glad to receive instructions, prior to his attending the next Council meeting, as to what clauses should be amended. Mr. Macarthur said the Lieut. Governor had never seen the counter petition, and if he had would have taken no notice of it. He believed his Honor was sincere, his only reason for refusing being the clause where the word "lot" occurs. He also spoke of the kind of reputation in which the deputation had been received, and of Mr. Maclellan's willingness to assist them. The report of the deputation was

accepted unanimously, and after some discussion a committee was appointed, consisting of Messrs. Maclellan, Macarthur and W. Stewart, to wait on Mr. Maclellan with the necessary changes needed in the ordinance, and to forward a copy of the same to the Lieut. Governor. A discussion followed as to the permanent location of the telegraph office, when it was decided to hold a public meeting on Thursday evening at 8 o'clock in the Mission school house, to consider and take action. Some of the gentlemen expressed regret that steps had not been taken towards presenting an address to his Honor, on this his first official visit to the town, but as he was to leave at an early hour next morning, it was felt that there was not sufficient time to draw one up. A vote of thanks to the chairman terminated the proceedings.

## Lorne Agricultural Society.

A public meeting was held at Treaton Hall on Wednesday afternoon to re-organize the Lorne Agricultural Society, and elect office-bearers for the ensuing year. Mr. Angus Cameron having been called to the chair, in opening the meeting and how desirable a thing it was to have an agricultural society in their midst and that it augured well for its success to judge by the large attendance before him; he trusted by their united efforts to make the agricultural show, to be held here at the end of the summer a great success, which would spur all interested in the agricultural welfare of the country, into activity. It was resolved that all members pay their annual subscription before having a right to vote. The following gentlemen were appointed office-bearers for the ensuing year: Hon. L. Clarke and Thos. Swan, Esq., patrons; Mr. Angus Cameron president; Mr. A. Spence, 1st vice-president; Mr. Wm. Miller, 2nd vice-president; Messrs. D. Cameron, Wm. Miller, Jr., George Inkster, George McMaster, R. Hattick, G. C. Spence, W. Lyttle, R. Adams, Thos. McKay, Adam McLeish, Geo. Tait, Chas. Robertson, J. Finlayson, J. A. Macdonald, W. Plaitton, J. Macarthur, Capt. Hoey, Alex. McLeish, Capt. Morton, W. V. Maclellan, Helzer, sr., Col. Sprout, Dr. Porter, A. Corn, and C. C. Mackenzie, directors; Mr. C. Adams, s.c. treas.; Messrs. Thos. Scott and Wm. Kennedy, auditors. The following gentlemen were appointed a committee to prepare by-laws: Messrs. F. McKay, A. Spence, W. V. Maclellan, Wm. Miller, jr., and Capt. Hoey. The Hon. L. Clarke was unanimously elected a life member. It was decided that the directors should meet on the 5th of July, at THE TIMES' office, to hear the report of the committee on by-laws, and attend to other business. A vote of thanks being tendered to Messrs. Hurd & Baxter for the free use of the hall, and another to the chair, the meeting separated.

## THE LATEST LOCAL SKITS.

Mr. A. L. Ashdown arrived this week from Edmonton on a visit. Tenders are invited for an addition to a building on the College. See advt. in another column.

Mr. Davison and wife arrived from Ottawa today. We extend to Mr. and Mrs. Davison our hearty congratulations. Mr. Garland from Scotland, a gentleman possessed of considerable means, arrived here today en route to Mackenzie River on a much-needed hunt. He is accompanied by Mr. F. Healy, a brother of Mr. R. B. Healy of this District.

It is proposed to open out a straight road to Troy via Carrot River. It will cross the South Branch at or near the H. B. Co's. store; where a licensed ferry is to be in running order shortly. As this is expected to shorten the distance from Prince Albert to Troy, between 60 and 80 miles, it will be in the interests of merchants and parties getting freight through, especially now when steamboating seems at a standstill, and the old order of things must again be resorted to. Mr. Healy leaves here shortly with a number of men to survey the new route, and cut through the heavy wood, some 15 miles in extent, between Carrot River and Salt Plain. This road, while it is the shortest, will lie close to the new Manitoba and Northwestern Railway, and freight will then be easily secured at the end of the track. The settlers at Carrot River have subscribed towards the making of the road, but aid is still wanted to complete it.
